If you decide to retain our office in order to file for bankruptcy relief, the retainer is \$300.00. When you pay this fee, you can refer all creditors to our office. This will allow you to get some relief immediately by not having to speak with the creditors from this point forward. By law, creditors are prohibited from contacting you if they are informed that you have retained an attorney. Payment of the balance of the attorney fees can be made over a period of time.
